

# M A D U R O

*A handcrafted port  
from the vales of South Australia*

The winemakers of South Australia have been making world-class ports for more than 100 years. In particular, the aged tawny ports from McLaren Vale and Barossa Valley, are outstanding.

Originally, these fortified wines were produced for the aristocracy and royalty of England, and sent in tall-masted ships to London. In recent years, the best of the Australian producers have established their own identity.

The MADURO blend is hand-selected from the finest port producers in these two regions. The unique blend consists of a smooth, dark, 8-year-old liqueur port and a rich, amber, tawny port that averages 17 years in age. These two components were shipped to our facility in Sonoma for final aging, blending, and bottling.
