BUYING GUIDE

October 2007

**Uvada 2002 Merlot (Oakville);
\$30**

92 Uvada is flying under the radar but worthy of your attention at this price-quality ratio. The '02 Merlot, mainly from Beckstoffer Vineyard X, has been held back longer than most, allowing it to soften and fatten. It's fully ready now, showing blackberry, cassis, chocolate and vanilla oak flavors that finish dry and firm in ripe, sweet tannins. The 15% cabernet sauvignon adds needed structure.
